

malaysianlegalalert

MLA is a weekly e-mail publication for lawyers and businesses. It monitors and gathers information from over 150 local and foreign sources, and briefly reports all major legal developments in Malaysia including legislation, cases, regulations, guidelines and updates from regulatory bodies, events, books, articles, products and services. The MLA Advantage: why should you subscribe?

It helps you manage your legal knowledge more efficiently and effectively. Like any good knowledge management initiative, it helps you to identify and streamline the legal knowledge you need from numerous sources, and brings that knowledge onto your desktop for you to assimilate, share, use and leverage.

It is indispensable to your organization's overall legal risk management strategy. By constantly updating you of the relevant legal developments, it helps you to more efficiently manage your legal risks and accordingly design/redesign your business strategies and activities (either by complying with new legal requirements or by taking advantage of new relaxations).

It provides incredible value for your money. Despite being a frequent and comprehensive alert service, it offers an incredible value for your money. For information on applicable rates, e-mail us at mla@muttath.com.

It is frequent, comprehensive, flexible and unobtrusive. It updates you every week. It sets out everything you need to know - news, statutes, rules, regulations, guidelines, cases, events, products, services, books, journals and articles. It, being an e-mail publication, allows you to store and read it at your convenience. It will be delivered to your *Inbox* during non-office hours to ensure that your e-mail system (and your concentration!) is not unduly burdened.

FREE Value-added Services from MLA

MLA offers value-added services such as MLA Manager (one installation per organization), MLA Friday Mail (every fortnight) and MLA Wednesday Analyses (on selected Wednesdays) free of charge for one year when you subscribe to MLA in the inaugural year.

MLA Manager is a custom-built software provided by Ambersoft. It allows you to file and store MLA items under preferred categories on your desktop or network. You can, as and when you require, search and retrieve MLA items using a broad range of parameters and catch words. MLA Manager will be installed on one central computer in your organization free of charge when you subscribe to MLA.

MLA Friday Mail provides you with *case law alerts* from the appellate courts of United Kingdom, Australia, Canada, New Zealand, Hong Kong and Singapore, and *news alerts* from selected foreign jurisdictions. It is available every other Friday to MLA subscribers.

MLA Wednesday Analyses brings together in-house and external experts to provide you with an in-depth analysis of significant legal and related developments in Malaysia. It is available on selected Wednesdays to MLA subscribers.
